					D	B	Tot. BA							
1	O 6	O 2	9	88	8	70	48	oak	mature	Y		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : 2006 Note: Small mature Oak stand located in the northwest corner of section 19 and within the Range 30 impact area (Tank Range). Stand is smaller than previous compartment exam because of military expansion and development of the range. Stand is within fenced area under long term lease by the National Guard and access would be limited or no access at all.														
2	U 1	G 0	603		0	0	48	upland brush	sparse	N		not scheduled	0	
comnts Fmd : Large upland brush/grass stand located within the Range 30 Complex (Tank Range - fenced). Stand is under long term lease by the National Guard (Military). Stand consists of scattered pocket of Oak, Jack Pine and Aspen regeneration and scattered pockets of open grassy areas. Stand has been burn over several times in the past and will more than likely burn in the future over and over. Barried lines for electronic targets exist throughout the stand along with several two tracks and tank trails. No or limited access by FMFM. No plow zone and under military supervision for any fire suppression assistance.														
3	X 0	X 0	15					other non-stocked or non-forest or non-productive	nonstocked	N		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : Pocket of sand with no vegetation and located within the Range 30 complex. Long term military leased land with no or limited access for management by Forest, Fire and Minerals Division. Created by bulldozing and tank operations of the National Guard (Military).														
4	Z 0	Z 0	5					water	nonstocked	N		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : Small water hole/swamp within side the Range 30 complex. Stand is under long term lease with the National Guard. This stand is surrounded by stand 5 (Jack Pine stand).														
5	J 5	J 1	54	70	7	40	48	jack pine	immature	Y		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : Large mature Jack Pine stand within the Range 30 complex. Under long term military lease. Little or no access to stand without the permission of the National Guard. Used old data from previous inventory. Very likely to still remain has a J5, but possibly a J6 now. Stand has been burned repeatedly, not to mention tank traffic.														
6	X 0	X 0	4					other non-stocked or non-forest or non-productive	nonstocked	N		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : Pocket of sand with no vegetation and located within the Range 30 complex. Long term military leased land with no or limited access for management by Forest, Fire and Minerals Division. Created by bulldozing and tank operations of the National Guard (Military).														
7	X 0	X 0	4					other non-stocked or non-forest or non-productive	nonstocked	N		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : Pocket of sand with no vegetation and located within the Range 30 complex. Long term military leased land with no or limited access for management by Forest, Fire and Minerals Division. Created by bulldozing and tank operations of the National Guard (Military).														
8	J 5	J 1	15	70	7	40	48	jack pine	mature	Y		not scheduled	0	
<u>Treatment Limiting Factors:</u>														
Military use/easement/lease/long-term agreement														
comnts Fmd : Small mature Jack Pine stand within the Range 30 complex. Under long term military lease. Little or no access without the National Guards permission. Used old data from previous inventory. This stand is likely have had fire through it in the passed not to mention tank traffic.

Stand	Cover Type-Dnsty	Under Story-Stkng Level	A c r e s	Age	avg.		Site Indx	Mgt Obj	Condition	Silv. Criteria Met?	Method Cut	Trtmt. Period	Harvest Priority	Cultural Need
					D B H	Tot. BA								
18	O 3	M 2	30	16	2	0	52	oak	immature	N		50-59 years	0	
comnts Fmd : Small Immature Oak stand mixed with Red Maple and Aspen. A few scattered Red and Jack Pine throughout the stand. West side of stand borders Stephan Bridge Road. 2-3 Inch avg dia. And 12-15 foot tall. Stand is under long term military lease.														
19	O 9	O 1	97	91	11	90	50	oak	mature	Y	final harvest	within 0-9 years	1	natural regeneration
comnts Fmd : Large mature Oak stand with an O1/M1 understory. Thinned in 1999, under timbersale contract #07-98-01 Stephan 20 thin. Stand is under long term military lease and west side of stand borders Stephan Bridge Road. Will accept a mix of regeneration, such as Red Maple, Aspen and Pine along with the Oak. Recommend a final harvest with 1acre patches scattered throughtout the total acreage of the stand. ((1 island per 5 acres)). This retention is for strutral diversity and military blockage.														
20	O 3	M 2	62	27	0	0	52	oak	immature	N		30-39 years	0	
comnts Fmd : Immature Oak\Aspen stand. Under long term military lease. Two track trail borders the south side of stand and another two track traverses north and south through the stand.														
21	R 5	J 2	108	26	7	50	48	red pine	immature	N		40-49 years	0	
comnts Fmd : Pedominantly an immature Jack Pine stand with a scattered overstory of Red and Jack Pine. The immature Jack Pine in the understory is closely approaching pole size. Found on rolling terrain. North end of stand has mor O2/A2 in the understory. Also at the northend of the stand is a small pocket of White Pine, Red Pine and Aspen. Average diameter of 8 inches and 2-4 sticks in height. J2 that's in the understory is mixed with a fair amount of O2 in pockets. Stand is under long-term military lease. Featuring overstory this inventory period apposed to previous inventory that featured the understory(J2). Stand is actually a R4J4J2 stand.														
22	J 2	O 2	41	16	3	0	50	jack pine	immature	N		40-49 years	0	
comnts Fmd : Immature stand of Jack Pine and Oak. About 50-50 Jack Pine and Oak. There is about 10 BA of Oak, Jack Pine, Red Pine and White in the overstory, scattered throughout the stand. Stand is leased long term by the military. Two two track trails traverse through portions of the stand. The one to the east is Ketchum Truck Trail. Two track trail also borders the south end of the stand.														
23	J 6	O 2	46	58	8	80	48	oak	two aged	Y	final harvest	within 0-9 years	1	natural regeneration
<u>Treatment Limiting Factors:</u> Delayed treatment for age/size class diversity														
comnts Fmd : Forty acre stand of Jack Pine mixed with Oak and Red Pine. Two aged stand with an understory of O2J1R1. Under long-term military leased. Recommend final harvest, but leave pockets(clumps of trees) for structural diversity for wildlife (Wildlife Div.).Protect all Oak and Red Pine regeneration as possible. Use military restrictions. Ketchum Truck Trail traverses through the stand.														
24	J 2	O 2	29	16	3	0	50	jack pine	immature	N		40-49 years	0	
comnts Fmd : Immature stand of Jack Pine and Oak. About 50-50 Jack Pine and Oak. There is about 10 BA of Oak, Jack Pine, Red Pine and White in the overstory, scattered throughout the stand. Stand is leased long term by the military. Tank trail borders the east side of stand.														
25	O 5	O 1	53	86	9	40	51	oak	immature	Y		10-19 years	0	
<u>Treatment Limiting Factors:</u> Delayed treatment for age/size class diversity														
comnts Fmd : Stephan 20 thin, #07-98-01 thin 1999														
26	J 5	J 2	66	32	7	60	48	jack pine	immature	N		30-39 years	0	
comnts Fmd : Mix stand of Jack Pine, Oak and Red Pine. Understory is J2 (natural) When last harvested or possibly burn all Jack Pine was removed except for Red Pine and Oak. Jack Pine has regenerated naturally.														
27	R 6	O 2	15	27	8	90	50	red pine	immature	N		40-49 years	0	
comnts Fmd : Immature Red Pine stand mixed with Oak. O2 understory. I believe Red Pine was left when last treated. North end of stand is more of an Oak component.														
28	J 6	J 2	16	44	7	70	49	jack pine	immature	N		20-29 years	0	
comnts Fmd : Small immature Jack Pine stand. Understory consists of J2/O1. Ground cover consists of sedges, Braken fern and wintergreen. Some blueberry. Found on side slope and ridge top (North facing slope/steep). Military leased lands.
