

CORNISH STATE GAME AREA

with adjacent Federal KINNEY WATERFOWL PRODUCTION AREA in Van Buren County

Contact: [Crane Pond DNR Wildlife Field Office](#), 60887 Highway M-40, Jones, MI 49061; 269-244-5928

Be aware: Cornish SGA, and adjacent cooperating Federal land, Kinney Waterfowl Production Area (WPA) have: special local rules for parking, limits on the type of boats used on Grass Lake, and shot restrictions (non-toxic). See details below.

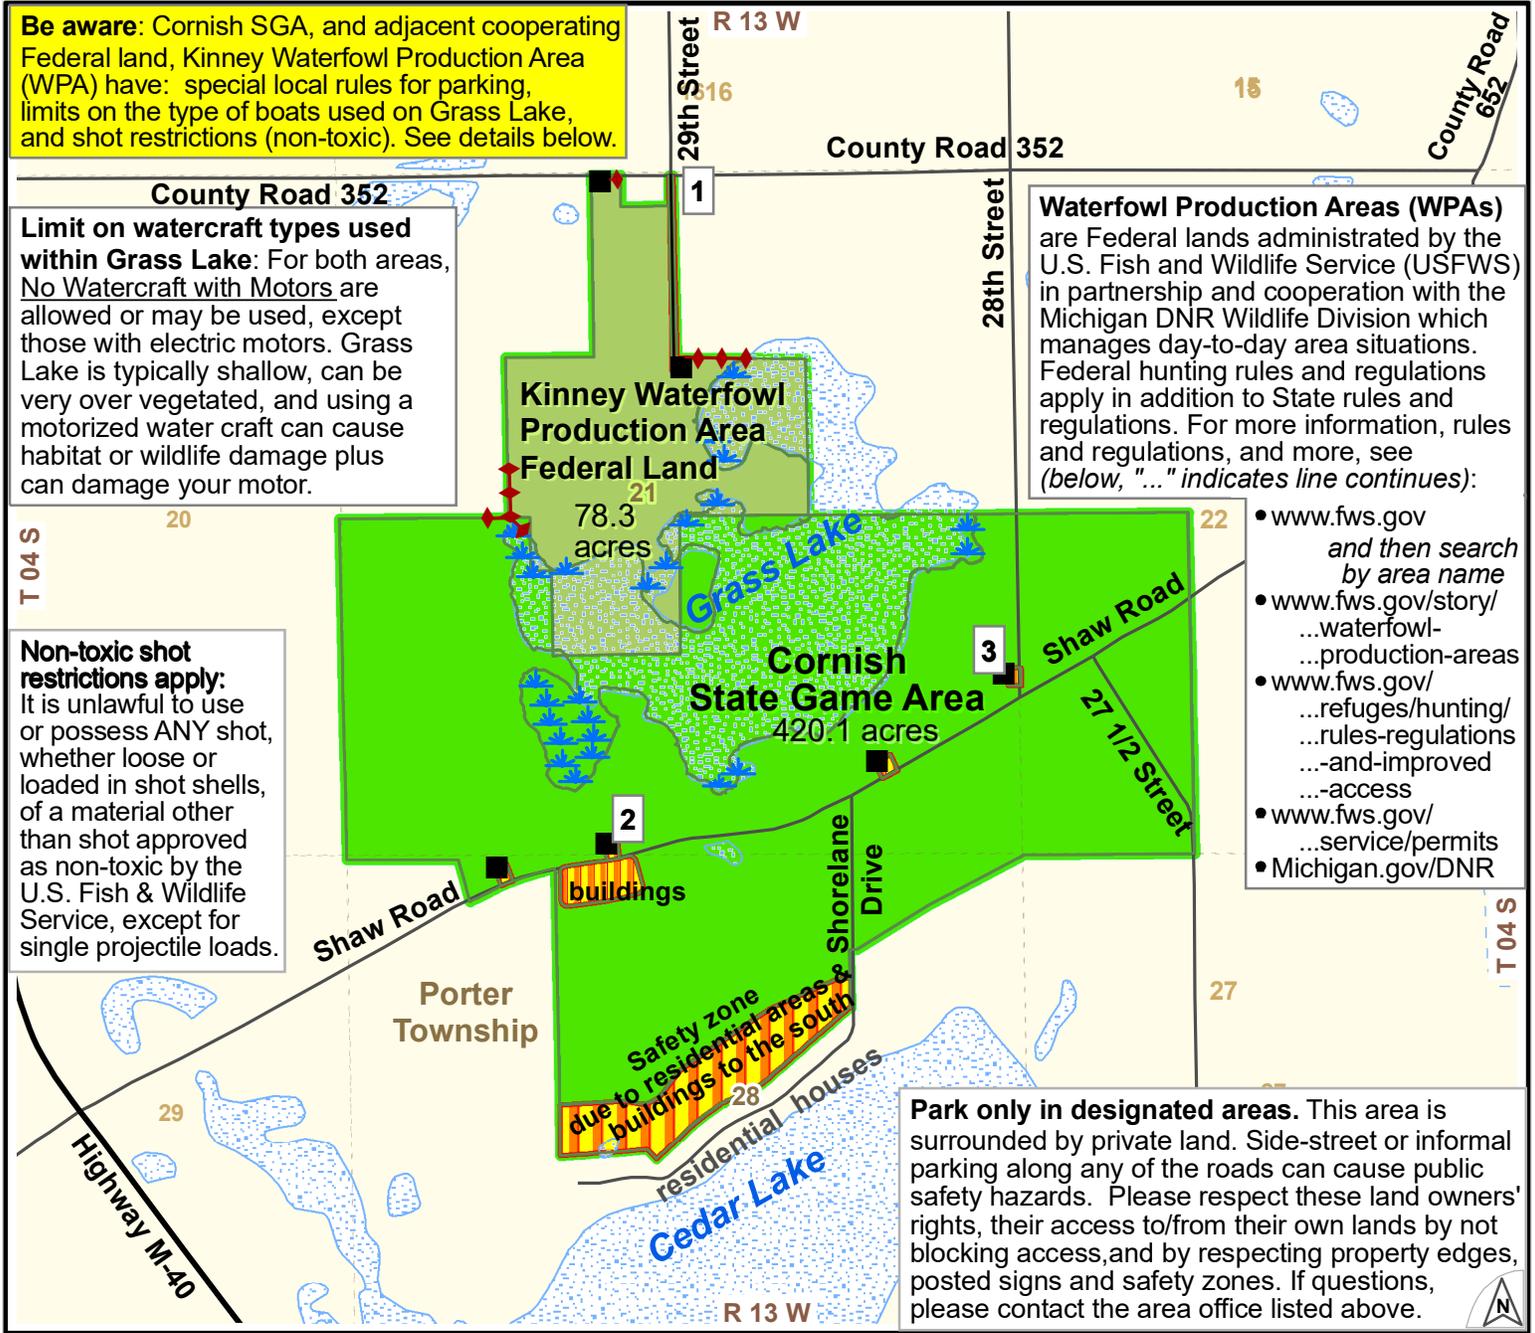

Limit on watercraft types used within Grass Lake: For both areas, **No Watercraft with Motors** are allowed or may be used, except those with electric motors. Grass Lake is typically shallow, can be very over vegetated, and using a motorized water craft can cause habitat or wildlife damage plus can damage your motor.

Non-toxic shot restrictions apply: It is unlawful to use or possess ANY shot, whether loose or loaded in shot shells, of a material other than shot approved as non-toxic by the U.S. Fish & Wildlife Service, except for single projectile loads.

Waterfowl Production Areas (WPAs) are Federal lands administrated by the U.S. Fish and Wildlife Service (USFWS) in partnership and cooperation with the Michigan DNR Wildlife Division which manages day-to-day area situations. Federal hunting rules and regulations apply in addition to State rules and regulations. For more information, rules and regulations, and more, see (below, "... " indicates line continues):

Park only in designated areas. This area is surrounded by private land. Side-street or informal parking along any of the roads can cause public safety hazards. Please respect these land owners' rights, their access to/from their own lands by not blocking access, and by respecting property edges, posted signs and safety zones. If questions, please contact the area office listed above.

State Wildlife/Game Area:

- Huntible Land - General Area
- Parking Lots
- Ditch/Dike Area
- Safety Zones
- Marsh

Federal land, cooperating

- USF&WS Waterfowl Production Area (WPA) (be aware this area can have different regulations versus State land, wildlife/game areas)

0 1/4 1/2 1 Miles

Hunter Safety Zones of 150 yards (450 feet) are enforced around all buildings/structures at all times.
