

Historical Marker - L752A - Pioneer Bank (Marker ID#:L752A)

Front - Title/Description

Pioneer Bank

Pioneer Bank was founded in 1885 as a state bank, and reorganized in 1889. President Frederick Howard, Vice President Albert Sholes, and Cashier Charles W. Ballard were bank officers. In 1903 this lot was purchased from Sholes, and soon after the board selected Bay City architects Clark and Munger to design new offices. A bank was partially constructed, but it burned before completion. The present classical-inspired structure replaced the original and opened in 1906. In 1982 the bank was listed in the National Register of Historic Places.
